

WHAT IS A MOKE?

Our electric Mokes are easy breezy, open-air, street legal low speed vehicles. Perfect for driving around town, going to the beach or farmer's market or visiting friends. It's outdoor living at its best. Make memories in this charming Moke.

Good Vibes!**

Zero emissions

**Full charge in just
8 hours from
any outlet**

**40 miles on
one charge**

**The only electric
moke in the U.S.**

WE'RE ELECTRIC!

Each Moke is electric and comes with a charging cord that plugs into any 110 outlet. A full charge takes 8 hours and lasts 40 miles, ideal for a day of adventures. It's good for the earth and your instagram feed.

FUN FOR EVERYONE

The Moke has a top speed of 25 MPH. Each Moke is DOT approved and street legal on all roads 35 MPH or less. It seats 4 people comfortably, and can accommodate car seats. There's a backup camera, Bluetooth stereo and small trunk in the back. Available in 12 colors (+ camo), the Moke is fully customizable. Even add a bench, wood steering wheel, striped top or seat covers.
